

**Wow...Branson has Lakes in a Big Way!**

Branson boasts three incredible lakes, each with its own special qualities perfectly suited to a variety of water sports and recreational activities! And a variety of outdoor activities are just waiting to be discovered...by you!

So, you love to fish? Come to the place where world-class fishing is second nature! The Branson area's massive and stunningly beautiful Table Rock Lake offers excellent warm water fishing, and abounds with largemouth bass, spotted bass, white bass, crappie, channel cat, bream, and other pan fish. The chilly waters of Lake Taneycomo, created by Table Rock Dam drawing the

cold bottom waters of Table Rock Lake down into the river-like smaller lake, is loaded with rainbow and brown trout. The dam's tailwaters are replenished by the Shepherd of the Hills Fish Hatchery, and seldom freeze, so excellent trout fishing is available year-round on Taneycomo; however, the spring and fall months are best for good bass fishing. Once those cooler waters reach Powersite Dam in nearby Forsyth, they pour over the dam into Bull Shoals Lake. This eastern Taney County section of Bull Shoals also appears river-like,

but the waters are warm and offer standard varieties of fish like largemouth, spotted, and white bass; stripers, crappie, channel cat, bream, walleye, and other pan fish. This upper end of Bull Shoals Lake is famous for miles around for its springtime abundance of white bass and walleye.
